2019 CHANGES AT HANBURY'S

We are pleased to announce that we are now able to offer **gluten free fish and chips**. More details are shown on the back of this menu. We recently purchased a new swiss made grill which allows us to offer **grilled fish to die for and our burgers taste even better than ever**. I am sure these changes will be well received by our regulars and visitors so they will return to Hanbury's again and again.

**Bon appetit
David Hanbury**
